Summer 2022

Support our nationwide fight against food poverty this summer by donating these items of food and hygiene products to your nearest food bank.

Visit our website for further details about our Holiday Hunger campaign and information on the development of our Community Cookery School in locations across the UK. There's also a range of exciting recipes on our blog that can be made with the items we're encouraging you to donate.

Thanks for taking part in our Donation Drive this summer!
